Master of Computer Applications, 79%

Bangalore, Karnataka

July 2023 – Present

CHRIST (Deemed to be University)

Bachelor of Computer Applications, 80%

Bangalore, Karnataka

July 2020 – May 2023

EXPERIENCE

Web Developer Intern

CHRIST Consulting

January 2023 — April 2023

Bangalore, Karnataka

- Developed a customized Project Management System for CHRIST Consulting, for centralized management of all their projects
- Integrates several modules to enable multi user login, personalized access and view permissions

Freelance Web Developer

Website for Techleons 2023

April 2022

Bangalore, Karnataka

- Developed a static website for the annual fest of the computer science dept, to showcase various events, teams and details about the fest.
- The website benefited 720 students of the department to keep them track of events and registrations.

PROJECTS

Pixsort | ReactJS, NodeJS, ExpressJS, MySQL, Amazon Web Services

[Source Code](#) | [Demo](#)

- The system leverages AWS Rekognition in combination with various AWS services to detect and sort faces in pictures, organizing them by the individuals identified.
- PixSort's user-friendly interface streamlines photo-sharing, making it effortless for party-goers to share their moments.

Finzeoy | ReactJS, PHP, MySQL, 000Webhost, Netlify

[Source Code](#) | [Demo](#)

- Finzeoy is a personal finance management system that stands apart from typical finance-tracking applications.
- It also includes a module specifically for teaching personal finance basics to those who are new to the subject.

T-Une | ReactJS, PHP, MySQL, 000Webhost, Netlify

[Source Code](#) | [Demo](#)

- Designed as a one-stop solution for all music lovers, this platform offers personalized experiences. Upon logging in and selecting their preferred genres, users receive customized news on their homepage.

ACHIEVEMENTS

Received Commendation Scholarship for BCA

One of six selected teams to represent Christ University at Smart India Hackathon.
